

Perspectives Canada

On the World Christian Movement

"It's difficult to run the race unless you know where to go. For many Christians, Christianity is like a puzzle spilled out on the floor. Perspectives puts it all together by showing us the box top, and helps us understand how missions is at the very center of God's heart. It not only changed my music and my ministry, but the very way I live."

Scott Wesley Brown, Christian Recording Artist, Founder of I CARE Ministries

Perspectives is a 15 lesson course offering you an opportunity to learn about God's intentions and actions in bringing the Gospel to every people, tongue and tribe in the world today. Each week a different speaker will enlighten you, and you will be motivated to consider how you might be a part of what God is doing in the world today from four different perspectives:

- **BIBLICAL**
Discover God's often overlooked yet unchanging purpose as revealed from Genesis to Revelation. You may never read your Bible the same way again!
- **HISTORICAL**
You'll be challenged and encouraged as you learn about the unlikely people and surprising events God has used throughout history in the unstoppable spread of the Gospel. See the 'facts' of history from a new perspective!
- **CULTURAL**
Do missionaries destroy or enhance cultures when they plant churches? Gain fresh insights on how to understand other cultural 'lenses.' Learn the keys for communicating the Gospel to people with different worldviews and cultures whether here in Canada or across the world.
- **STRATEGIC**
What are "unreached people groups" and why are they so important in the completion of God's eternal purpose? Learn how and why the gospel is making breakthroughs in parts of the world that have previously been extremely resistant. See how your gifts and resources can be strategically used within God's plan.
